

How to Access E-books

Approximately 400 electronic books are available for NHS staff in England and Wales. These electronic books include ones purchased by the **Coventry and Warwickshire Partnership Trust libraries**, as well as the nationally-provided electronic book collection.

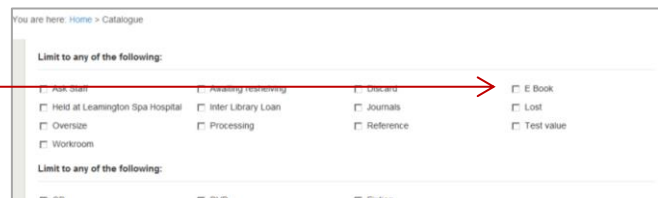

The Trust Collection

The easiest way to access e-books is through the library catalogue. This is available online at <https://cwpt.wordpress.ptfs-europe.co.uk/library-catalogue/>

1. From the catalogue link above select 'Advanced Search'

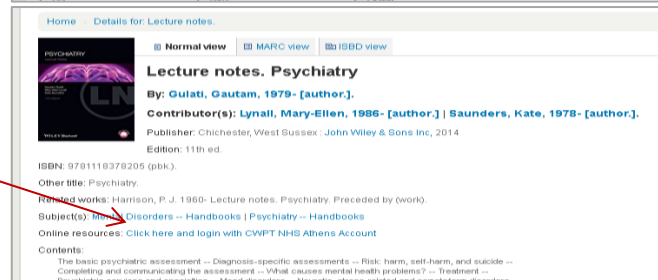

2. Fill in 'Keyword' and any other field relevant to your search (tip: the fewer the better). Scroll down the page and tick 'E Book' followed by

3. You will then be taken to the catalogue entry. Click on CWPT link

(Note: The catalogue is a shared resource with other Trusts, so only links showing 'CWPT' will allow access to the book.)

4. You will see either OpenAthens or EbscoHost as below. Log in with your Athens account details.

OpenAthens login page

EbscoHost login page Click on Athens login

If you have problems finding or accessing an e-book contact your nearest Trust Library:
