Reflective Writing

Kate Williams

Packed with practical advice, this concise guide explains what reflective

writing is and how to approach it. It equips students with all the key information and strategies they need to develop an appropriate reflective writing style, whatever their subject area

How to Thrive as a Newly Qualified Nurse

Carol Forde-Johnson

How to Thrive as a Newly Qualified Nurse provides a structured programme of

support for nursing students and newly qualified nurses during their first year qualified. Packed with practical examples, tips and advice, and featuring vignettes from recently qualified nurses.

Beginner's Guide to Reflective Practice in Nursing

Catherine Delves-Yates

Learn how to carry out reflective practice quickly

and easily with this beginner's guide for nurses. Written for nursing students and registered nurses, this book helps build confidence in writing reflectively by using clear step-by-step guidance, insightful case studies, learning activities, and by addressing commonly asked questions from nurses and nursing students

The Royal Marsden Manual of Clinical Nursing Procedures

Sara Lister

This internationally best-selling title sets the gold standard for nursing care; providing the procedures, rationale, and guidance required by qualified nurses to deliver clinically effective, patient-focused care with expertise and confidence.

Transition to Registered Practice: From Student to Qualified Nurse

Angela Darvil

The transition from student to newly registered nurse can be daunting but with the right preparation, you can step into your new role with confidence. This book provides valuable guidance on what to expect, practical strategies for easing the transition and advice for supporting your ongoing personal and professional development.

Transition to Nursing: Preparation for Practice

Bill Whitehead

How do you think like a staff nurse? What behaviour and level of work is needed to be awarded your degree? How will you adapt to working as a professional and working in a team? This book is for you if you're in the final stage of a pre-registration nursing course or if you are making the transition to becoming a registered nurse.

Essentials for the New Nurse Practitioner

Nadine M Aktan

What type of schooling do I need to become a nurse practitioner? How do I choose the right clinical preceptor? How can I best prepare for my first year of practice? Written for those considering NP practice, current NP students, and newly certified NPs alike, this quick, easy-to-use manual covers everything there is to know about transitioning into the NP role and its rewards and challenges.

Reflective Practice in Nursing

Philip Esterhuizen

Reflective practice enables nursing students to make sense of, and learn from, the experiences they have each day and if nurtured properly can provide skills that they will come to rely on throughout their nursing careers. Using clear language and insightful examples, scenarios and case studies, the new fourth edition of this bestselling book shows readers what reflection is, why it is so important and how they can use it to improve their nursing practice.

Emotional Intelligence

David Goleman

Does IQ define our destiny? In his groundbreaking bestseller, Daniel Goleman argues that our view of human intelligence is far too narrow. It is not our IQ, but our emotional intelligence that plays a major role in thought, decision-making and individual success.

Role Development in Professional Nursing Practice

Kathleen Masters

Role Development in Professional Nursing Practice, Sixth Edition, is comprehensive resource to guide students along their journey as professional nurses.

Becoming a Reflective Practitioner

Christopher Johns

This book is an essential guide for everyone using reflection in everyday clinical practice or required to demonstrate reflection for professional registration. Students will acquire new insights into how they interact with their colleagues and their environment, and how those things shape their own behaviours, both positively and negatively.

A Beginner's Guide to Critical Thinking and Writing in Health and Social Care

Helen Aveyard

This bestselling guide takes you through every stage of becoming a critical thinker, from approaching your subject to writing your essays or dissertation in health and social care. Each chapter tackles a different aspect of critical thinking and shows you how it's done using examples and simple language.

Being a Nurse: a Personal Guide from Graduation to Revalidation

Lauren Philpott

Being a Nurse will help both student nurses and newly qualified nurses in their progression from graduation to revalidation. Packed full of personal accounts, hints and tips, the book provides advice to new starters on dealing with the challenges of being a nurse.

Medicines Management for Nursing Associates

Christina Roulson

Effectively managing and administering medicines is a core responsibility for all Nursing Associates. To help you master these skills, this book covers everything you will need to know in medicines management, from understanding the fundamental legal and professional requirements, to developing essential drug calculations skills.

Leadership, Management and Team Working in Nursing

Peter Ellis

Leadership is central to all aspects of the nursing role, from managing the delivery of high quality care to acting as a role model for best practice. Written specifically for nursing students, this book introduces you to the principles and practice of leadership, management and multi-disciplinary team working.

The Code: Professional Standards of Practice and Behaviour for Nurses and Midwives

Nursing and Midwifery Council

The Code contains the professional standards that registered nurses, midwives and nursing associates¹ must uphold.

The Essential Guide to Becoming a Staff Nurse

Ian Peate

Written specifically for graduating students and newly registered nurses, this essential handbook will help you navigate the transition from student to registered practitioner. Providing you with the key knowledge to help consolidate your degree course, The Essential Guide to Becoming a Staff Nurse will enable you to become an autonomous and accountable practitioner.

Communication Skills in Nursing Practice

Lucy Webb

Written specifically for student nurses developing their communication and interpersonal skills in any field of nursing. The book addresses all the competencies for communication skills outlined in the 2018 NMC standards and features insightful contributions from experienced nurses and healthcare leaders across different clinical fields.

Transition to Nursing Practice

Angela Darvill

The transition from student to newly registered nurse can be daunting but with the right preparation, you can step into your new role with confidence. This book provides valuable guidance on what to expect, practical strategies for easing the transition and advice for supporting your ongoing personal and professional development.

Reflective Writing for Nursing, Health and Social Work

Elizabeth Tanguay

This book takes students step-by-step through the process of planning and writing a reflective essay, beginning with crucial guidance on planning and structure. It introduces different reflective frameworks and shows readers how to structure a piece of writing according to a particular framework.
