Understanding Supervision and Assessment in Nursing

Aine Feeney

A practical guide for registered nurses in all fields, who are planning to undertake one of the new supervisor or assessor roles outlined in the latest NMC standards. The book helps nurses prepare for the role of practice supervisor, practice assessor or academic assessor, by outlining what is expected in each of the roles, in accordance with the 2018 NMC standards.

Clinical Teaching Strategies in Nursing

Marilyn Oermann

Now in its sixth edition, this highly acclaimed core text for nurse educators continues to be the only resource to address clinical teaching in all settings. Delivering comprehensive and detailed information on planning, guiding, and evaluating learning activities for prelicensure and graduate nursing students, the sixth edition is distinguished by its focus on clinical teaching in a wide range of settings including teaching in online environments

Coaching Skills for Leaders in the Workplace

Jackie Arnold

This book will give you the knowledge and skills to understand the differences between coaching, supervision & mentoring. It will demonstrate how effective coaching programmes can enhance behaviours and retain key staff.

Brilliant Coaching: How to be a Brilliant Coach in Your Workplace

Julie Starr

Great coaching increase people's engagement, learning and performance. Coaching is the must-have leadership skill that helps you get the best from your team, and Brilliant Coaching shows how you can have it too.

Emotional Intelligence

Daniel Goleman

Does IQ define our destiny? In his groundbreaking bestseller, Daniel Goleman argues that our view of

human intelligence is far too narrow. It is not our IQ, but our emotional intelligence that plays a major role in thought, decision-making and individual success.

Student Practice Supervision and Assessment: a Guide for NMC Nurses and Midwives

Jo Lidster

Supervising and assessing students in practice is central to the nursing and midwifery role. Based around the NMC Standards for Student Supervision and Assessment (2018) and with a brand new chapter on coaching, this book will develop and enhance your knowledge and skills in order to support a wide range of students.

50 Top Tools For Coaching: a Complete Toolkit for Developing and Empowering People

Gillian Jones

A complete resource for both in-house and external coaches, 50 Top Tools for Coaching presents the techniques required for every coaching situation. It focuses on every stage of the coaching process.

Assessment, Supervision and Support in Clinical Practice

C C Stuart

Assessment, Supervision and Support in Clinical Practice, Second Edition addresses the complexity and challenges of learning and assessing in the clinical setting. It is a practice-centred book based on solid theory and evidence for the clinical learning and assessment strategies it provides.

Coaching and Mentoring: Theory and Practice

Robert Garvey

Written by two leading scholars in the field, this book is an essential guide to the theory and practice of coaching and mentoring. The 4th Edition features: new content on the definitional issues and the hybridization of coaching and mentoring.

The Coaches' Handbook: the Complete Guide for Professional Coaches

Jonathan Passmore

This comprehensive practitioner guide provides an accessible evidenced based approach aimed at those new to coaching and who may be undertaking coach training. The book will also be useful for those who want to enhance their coaching skills.

Compassionate Leadership: Sustaining Wisdom, Humanity and Presence in Health and Social Care

Michael A West

In these pages, an evidence-based approach to transforming the leadership and cultures of health and social care teams and organisations is described. Practical, powerful and compelling, it describes a strategy based on the core human value of compassion, showing that by sustaining that value in health and social care, we can cultivate wisdom, humanity, presence and high-quality in health and care services.

Coaching for Performance: the Principles & Practice of Coaching and Leadership

John Whitmore

This book is a must-read for leaders and organizational development practitioners who recognize that coaching is a performance activity which impacts leaders, teams, and culture holistically

Coaching and Mentoring: Practical Techniques for Developing Learning and Performance

Eric Parsloe

How can coaching and mentoring approaches be applied in individual, team and organizational contexts to increase performance? Coaching and Mentoring offers a complete resource for developing and implementing the latest theories and models in your organization.

Reflective Writing for Nursing, Health and Social Work

Elizabeth Tanguay

This book takes students step-by-step through the process of planning and writing a reflective essay, beginning with crucial guidance on planning and structure. It introduces different reflective frameworks and shows readers how to structure a piece of writing according to a particular framework.

Reflective Writing

Kate Williams
Packed with practical advice, this concise guide explains what reflective

writing is and how to approach it. It equips students with all the key information and strategies they need to develop an appropriate reflective writing style, whatever their subject area.

Collaborative Learning in Practice: Coaching to Support Student Learners in Healthcare

Charlene Lobo

Collaborative Learning in Practice (CLiP) is an innovative coaching model that empowers students to take the lead in their practice through creating positive learning cultures.

Mentoring in Nursing and Healthcare: Supporting Career and Personal Development

Helen M Woolnough

Mentoring in Nursing and Healthcare: Supporting career and personal development is an innovative look into mentoring within nursing, and its implications for career success. It provides an up-to-date review of the current research and literature within mentoring in nursing and healthcare, drawing together the distinctive challenges facing nurses and their career development. It proposes new directions and practical ways forward for the future development of formal mentoring programmes in nursing.

A Nurse's Survival Guide to Supervising and Assessing

Karen Elcock

Are you supporting students in practice? This book provides an overview of the different approaches and summarises the key NMC Standards that you need to understand. You will follow the student's journey on placement starting from the preparation needed before they arrive through to the orientation, initial interview and planning of learning, plus how to provide feedback and ensure that your assessment is fair and objective. Some of the challenges you may face will be explored, along with approaches you can use to ensure successful outcomes.

The Code: Professional Standards of Practice and Behaviour for Nurses and Midwives - Nursing and Midwifery Council

The Code contains the professional standards that registered nurses, midwives and nursing associates¹ must uphold.
